To All Officers:

It has been our goal as a police department, especially since the passing of the police levy, to increase our level of service to the community of North College Hill, while reducing crime. One such category is in the area of Burglaries plaguing North College Hill. One of the reasons for this is that burglaries directly affect residents of North College Hill, who vote and pay the taxes for the police levy. As a department, I have asked you guys to increase patrols, respond and investigate these crimes with an increased attention. I am proud to say CONGRADULATIONS and thank you all for your hard work.

As an example: In June 2014- North College Hill had over 18 burglaries with only 2 of those burglaries being solved from what I can tell.

In June 2015 (since we have asked for your help) North College Hill had only 6 burglaries. It appears that two of those cases have been closed by arrest or with suspects. With another 2 cases having good fingerprints or DNA samples obtained and submitted to the lab for identification.

What all this means: That we have reduced the burglaries occurring in North College Hill by well over 200% and we have drastically increased our closure rate on cases.

This can only be explained by your dedication to the community, professionalism and work ethic. Please keep up the excellent job that you are doing in support of our goals. Through your hard work we will reach all of our goals and find success.

Thank You,

Lieutenant Ryan Schrand
